

The radio station Klove is a great inspiration and I have many friends and family who listen to this station 105.5 every day. I listen to the radio station on my way to work every morning. The music, prayers, talks, and the DJs help me get thru every day. When I am upset my spirits are lifted and I start to feel better. I always turn to K-love for peace of mind. I would be very upset if this radio station goes off the air. Please keep K-love on the air. Thank you, Vicki
